SPAMfighter Pro is the easy-to-use anti-spam solution for Outlook, Outlook Express, and Windows Mail
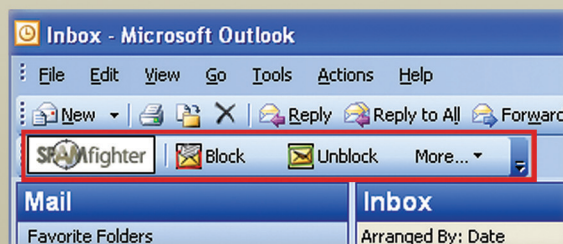

About SPAMfighter:

SPAMfighter is Europe's leading spam filter developer and as a Microsoft Gold Certified Partner we have built the strongest, safest, and most effective anti-spam tool on the market. If you use Outlook, Outlook Express, or Windows Mail and you want to get rid of spam, install SPAMfighter.

When a new e-mail arrives, SPAMfighter will automatically scan e-mail for spam. If it is determined to be spam, it will be instantly filtered to your SPAMfighter folder.

Users are given the power to report spam mail with the click of a button. Once an e-mail has been reported enough times it is automatically removed from the rest of the SPAMfighter community in seconds.

When SPAMfighter is downloaded, a toolbar will be seamlessly integrated into your e-mail program. This toolbar gives users multiple options right at their fingertips.
